Bachelor of Design
First Year Guide 2021
Welcome to the School of Architecture.

Executive Dean
Professor Vicki Chen

Dean & Head of School & Director of Engagement
Professor Cameron Bruhn

School Manager
Ms Katie Gollschewski

Chair of Teaching & Learning
Associate Professor Antony Moulis

First Year Design Coordinator
Dr Frederico Fiahlo Teixeira

Academic Advisor
Dr Silvia Micheli

Administration Officer
Mr Bernard Llanos

Senior Technical Officer
Mr Sam Butler

Technical Officer
Mr Mark Lynne

We’re here to help.
Step 1
How to enrol

We’re so happy you’re joining us at UQ!

To enrol in your courses, you’ll use a system called mySI-net, which is the control centre for student administration at UQ. Among other things, mySI-net lets you:
- enrol in courses
- drop courses
- update personal information

During your time at UQ, you’ll always use mySI-net and My Timetable at the beginning of each semester. You can access both from the my.UQ Dashboard, your personalised portal to UQ systems and notifications.

Once you’ve enrolled, you’ll use a system called My Timetable. Through My Timetable you can register your preferred class times and then swap classes if you need to.

Keep ‘Starting at UQ’ open in a separate window as you work through the ‘Enrol’ section.

Log in to Starting at UQ for a step-by-step guide on how to set up your mySI-net profile, enrol in your courses and register your class preferences.

Step 2  Plan ahead

Choosing a Major

For your Bachelor of Design, you must attain 48 units. The majority of courses are worth 2 units with design courses worth 4 units. A standard workload is 8 units per semester.

It’s recommended to do only one Design course per semester.

There are two methods of specialisation in the BDes program: Single Major and Dual Major. You need to think carefully about your choice, as it will affect the number and type of electives you can select.

In the BDes, you start courses based on your majors from Semester 1 of first year, so it’s important to seek academic advice if you’re unsure of what major/s to choose. We can help you!

Dual Major

Bachelor of Design/Engineering

Contact your Academic Advisor if you’re interested in doing a dual degree so that we can create a study plan for you.
Single Majors

Anthropology
Anthropology – the study of human beings and the societies and cultures they live in – aims to address the way cultural traditions continue and change over time, and how we can understand and explain human beliefs and behaviour. This major will provide a grounding in the sociocultural context of design and its interaction with all forms of material culture.

Buildings and Environments
This major emphasises the role that designers can play in shaping the way the world works. Courses cover important aspects of both building and planning including sustainability and conservation, transport and infrastructure, architecture and built environment, and the economic and social aspects of development.

This major will also offer a bridging path to architecture. Speak to your Academic Advisor if this is of interest for further guidance.

Innovation and Entrepreneurship
This major provides experience at working through a business from the ground-up, and will empower you to be innovative, adaptable, tolerant of ambiguity and risk, and able to learn from failure. You will learn about the entrepreneurial mindset and process, and will have the opportunity to practically apply this knowledge through the creation, and scaling, of your own venture.

Information Environments
This major will give you the skills and knowledge needed to design technologies and systems that deliver the digital infrastructure and applications that society increasingly depends upon. The curriculum offers a mix of introductory technology courses and human-centred design courses, with electives allowing you to focus further on either aspect.

Environment and Society
This major will develop your understanding of the ways in which your work as a design professional is impacted by, and is able to impact, environmental futures. With an interdisciplinary curriculum grounded in the social sciences, you will be required to work within national and international environmental frameworks.

Media and Digital Cultures
This major offers a distinctive critical engagement with the role of media in cultural life and the exercise of power. The major places particular emphasis on cultural practices characterised by the ubiquity of digital media technologies in everyday life. Courses cover important forms of media like television and news, the emergence of digital media industries and technologies, and the cultural formations characteristic of media-dense digital societies.

Visit www.architecture.uq.edu.au/study-plans for detailed study plans for each major
Your first semester in design will provide you with the foundational knowledge, technical skills and creative imagination to shape our built environment and design the cities and spaces of tomorrow. You will be required to complete units in design, culture and communications.

**DSGN1100 Design: Interaction**

This course introduces the process of design from concept to outcome through critical thinking and experimentation. It broadly focuses on the way that design creates interactions between people and contexts towards cultural and economic innovations. Techniques of observation, analysis and representation will be used alongside methods of iteration and reflection to address identified issues or problems. Learning is undertaken in a collaborative studio setting where students will develop a sensibility for the visual and spatial in design.

**Course dates:**
Semester 1, 2021

**Class contact:**
- 1 hour lecture
- 3 Practical / Laboratory hours

**Materials for your first class**
- A3 cartridge pad
- A5 sketch book
- Set of graphite pencils (8 minimum)

**DSGN1200 Design: Experience**

This course explores the significance of design in shaping user experience. It focuses on the capacity of design to engage human behaviours that can imbue forms and spaces with new cultural meanings.

Spatial and programmatic studies are undertaken of contemporary settings where design can be used to activate experience. Learning is undertaken in a collaborative studio setting where students will develop a sensibility for the visual and spatial in design.

**Course dates:**
Semester 2, 2021

**Class contact:**
- 1 hour lecture
- 3 Practical / Laboratory hours

**Materials for your first class**
- A3 cartridge pad
- A5 sketch book
- Set of graphite pencils (8 minimum)

**DSGN1500 Design for a Better World**

In any existing context where people have a goal to change something, the factors they choose to wrangle and the ways they choose to do this help to shape their solution.

This course explores this process that designers undertake to identify problems, assess impacting factors (social, economic, cultural, political, environmental, etc) and employ available or to-be-discovered materials, methods, and technologies in an heuristically iterative way to produce solutions that will help create a better world.

**Course dates:**
Semester 2, 2021

**Class contact:**
- 1 hour lecture
- 3 Practical / Laboratory hours

**Materials for your first class**
- Notebook / laptop for note taking

**Step 3**

**Design studio classes offer a great opportunity** to ask questions and seek feedback from tutors, lecturers and peers.
Social Distancing – 1.5 Metres Away

COVID-19 (coronavirus)

MINIMISING RISK

COVID-19 is primarily spread through respiratory droplets produced when an infected person coughs or sneezes.

❖ Avoid unnecessary close contact with others
❖ Keep a distance of at least 1.5 metres between people
❖ Wave instead of handshake or hugging as a greeting
❖ Don’t share objects

1.5m

Social distancing helps stop the spread of infectious diseases. It means less contact between you and other people.

1.5m
FAQs for 1st Year

BRUCE Homeroom

<table>
<thead>
<tr>
<th>What is the BRUCE Homeroom?</th>
<th>A space for you! All year levels are able to work in this social and learning space on Level 2 of the School (51-223)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Can I eat and drink in the Homeroom?</td>
<td>Yes – but you are expected to keep the place clean and tidy.</td>
</tr>
</tbody>
</table>
| What else can I do in the Homeroom? | - Work collaboratively with your peers  
- Get a headstart on your study using the computers available  
- Meet your SSLC representatives  
- Use the materials space to produce your designs  
- Hang out with your mates IRL!  
- Refill your water bottle  
- Find out about the latest events |

UQ Union Microwave room

UQ Union Complex: Monday – Friday, 7.00am – 7.00pm  
Sir James Foots Building (47) open 24/7

Tips

<table>
<thead>
<tr>
<th>Work</th>
<th>We recommend less than 10 hours a week paid work for full time students</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student email</td>
<td>Remember to check your student emails regularly. Go to my.uq.edu.au/information-and-services/information-technology/email for details</td>
</tr>
</tbody>
</table>
| How should I manage my time? | - Read dates carefully as not all classes are weekly  
- Put together a weekly and semester schedule  
- Start each course by understanding how the course is structured, the requirements, learning resources and when the assessments are due. Course profiles: my.uq.edu.au/programs-courses  
- BE ACTIVE AND GET INVOLVED! Attend all lectures, studios and tutorials; checkout Facebook groups for your courses; participate in learning activities; practice problems; revise and review your work; and if in doubt, ask!  
- Utilise all of the learning resources available to you, such as:  
  • Course tutors and studio assists  
  • Learning workshops: my.uq.edu.au/information-and-services/student-support/study-skills |

"Take risks and have the courage to explore new and different avenues, whether it be doing things differently to others in your projects, or following a unique career path or even taking the opportunity to travel overseas."  

Daring to do things differently can be an unexpectedly rewarding and eye-opening experience."

Julia Zin  
Student of the School of Architecture
What happens if I don’t turn up for a lecture or studio?  
You will need to catch up – talk to your peers and look on Blackboard for what you’ve missed. If it’s a compulsory session, you can lose marks for not attending. Contact your course coordinator for assistance.

- Blackboard – learn.uq.edu.au
- Contacts – uq.edu.au/contacts

Where do I hand in my assignments?  
Read the course profile – most submissions will be through Blackboard and will need a cover sheet for submission.

What if my assignment is late?  
There are only two allowable reasons: medical (medical certificate required) and exceptional circumstances.
Email architecture@uq.edu.au to discuss – the earlier the better.

Do I need to have my own laptop?  
If you are planning on buying a laptop, tablet, external storage or software please wait until the first week of classes. Your course coordinator will advise what laptop is best suited for your requirements.

Tag & Testing? All electrical equipment used within UQ (laptops, chargers etc) must be tested for electrical safety.

Timetable: eait.uq.edu.au/workshops/test-tag-sessions

What facilities are available to me for use?  
All students have access to the EAIT makerspace, UQ Innovate (Level 1, Mansergh Shaw Building 45), and the Co-Lab workshop (S1A). In order to use the facilities, you are required to undertake relevant online training and attend induction sessions.
Training: makerspace.uq.edu.au

Can I ask for assistance in the workshop?  
Workshop staff are available to provide technical advice to students and assist with the design, manufacture and implementation of their projects. Please direct initial enquiries to the team via email to discuss how we can support and/or collaborate with you. Your enquiry will be directed to an appropriate team member and responded to promptly.
Email: eaitmake@uq.edu.au

**Semester 1 CRITICAL DATES**

<table>
<thead>
<tr>
<th>Date</th>
<th>Event</th>
</tr>
</thead>
<tbody>
<tr>
<td>22 February</td>
<td>Classes commence – YES, WE START IN WEEK 1 on Monday 22 February 2021</td>
</tr>
<tr>
<td>5 March</td>
<td>Last day to add courses</td>
</tr>
<tr>
<td>31 March</td>
<td>Last day to drop courses without financial liability</td>
</tr>
<tr>
<td>30 April</td>
<td>Last day to drop courses without academic penalty</td>
</tr>
</tbody>
</table>

**IMPORTANT DATES**
For the academic calendar, teaching periods, summer semester dates etc. (relevant to both commencing and continuing students), head to:
uq.edu.au/startingatuq/important-dates

**SAVE YOUR MONEY**
Don’t carry on with courses you have ‘given up on’. Make sure you formally withdraw:

- by the end of March so you aren’t charged $$ for the course
- by the end of April so you don’t lower your GPA
Further Information

**Academic advice**
Academic Advisor - Silvia Micheli
The academic advisor is happy to answer your questions and provide advice on:
- Credit from previous study
- Late addition of a course
- Withdrawing from a program or course
- Enrolling in more than 8 units per semester
- Deferred examinations
- Supplementary assessments
- Unsatisfactory Academic Progress and Show Cause Applications

Make an appointment today by emailing: architecture@uq.edu.au

**Student employability**
The EAIT Student Employability Team offers a range of services to help you build your employability skills and become industry ready. Their services include:
- Guidance and support on how to obtain work experience
- Workshops on planning your job search strategy, job applications, resumes, cover letters, interviews and LinkedIn
- One-on-one employability consultations with our experienced employability advisors
- Tailored employability program for international students
- Industry networking events
For more details see: eait.uq.edu.au/employability
Scholarships
You might be surprised by how many scholarships you are eligible for at UQ.

We offer more scholarships than any other university in the state, so you should take some time to research everything we have on offer.

Depending on the rules and conditions of the scholarship you apply for, it might be possible to hold more than one scholarship at once – so read all rules and conditions closely.

Study area scholarships
Many scholarships are offered for certain academic disciplines. These scholarships might be for students enrolled in a specific degree, school or faculty, or for students who are researching or studying a particular topic.

Study area scholarships open and close throughout the year, so it’s important to regularly check which opportunities you might be eligible for.

Employability Grants
At UQ, we know that finding a job goes beyond your degree – it’s also about the soft skills that can’t be taught in classrooms, like life experience, people skills or attitude.

That’s why we’ve developed the Employability Grant, which is designed to let UQ students enhance their employability through activities including exchange, global opportunities, entrepreneurial activities, and volunteering.

We believe that different experiences will make you a better person – and more employable as well.

For more information, go to:
EAIT Scholarships:
eait.uq.edu.au/scholarships

The University of Queensland Scholarships:
scholarships.uq.edu.au

Become an entrepreneur
Ventures reflects the entrepreneurial spirit of our community. While you can’t predict the future, you can develop the knowledge, networks and skills to pivot between current and emerging careers and flourish wherever life takes you.

Gain the skills and knowledge needed to think and act like an entrepreneur by joining our Idea Hub Unlimited six-week program.
ventures.uq.edu.au/programs

Studying Overseas
Design students have an opportunity to enhance their degree by studying abroad for 1 or 2 semesters through the UQ Global Experiences program.

UQ has partnerships with almost 180 universities in 38 countries. Students studying overseas remain enrolled at UQ, continue to pay (or defer) fees and earn credit towards their UQ degree. No additional tuition fees are paid to the host university.

Depending on the university you go to, you can take equivalent compulsory courses.

Most students go on exchange after one and a half years of study. Year 2, Semester 2 and Year 3, Semester 1 are the best times for exchange for a Bachelor of Design Student.

There are also over 100 short term global experiences (2-6 weeks) that can be completed in your Summer and Winter university breaks.

Meet with the International Relations Officer to discuss all the global experiences you can access as part of your EAIT program. They can guide you through all your international mobility options including how to apply, what funding is available and the best destinations for your specific program.

Your EAIT International Relations Officer is:
Melinda Knox
international@eait.uq.edu.au
eait.uq.edu.au/global-experiences
Memberships and Student Societies

UQ BRUCE Architecture Student Society

BRUCE is the Architectural society at UQ. It has been initiating events and forging connections between year levels at the School of Architecture for 30+ years.

Look out for great events such as the Architecture Ball, BRUCE Speaks guest lectures and other social activities for architecture and design students.

2021 Memberships are on sale now!
facebook.com/bruce.uq

Design Institute of Australia (DIA)

The Design Institute of Australia (DIA) is the nation’s peak industry body for profession design. They seek to help Australia’s professional designers succeed in business and enjoy their working lives, while collectively growing Australia’s reputation as a Design Nation. Members represent a broad gamut of disciplines in both established and emerging fields of design, including (but not limited to) spatial designers, communications designers, industrial designers, design educators, systems designers and design managers.

design.org.au

Other Professional Organisations

Professionals Australia focuses on issues that affect you in your profession and represent more than 25,000 professionals and students across Australia.

professionalsaustralia.org.au

Women in Design and Construction (WIDAC) share experiences, challenges, successes, ideas and contacts to support all women within these industries and to help each other succeed. Women in Design and Construction (WIDAC) also invite guest speakers from the design, construction, engineering, consulting and property industries to present on different topics each month to share their knowledge and skills.

Student Services and Support

Student Services provides a range of free services to support you during your time at UQ:
- Accommodation
- Counselling
- Disability
- Faith
- International support
- Learning
- New2UQ
- Workshops

For more details go to: my.uq.edu.au/information-and-services/student-support

Student Advocacy and Support

We are a free, independent, short term support service for all UQ students. We can provide you with assistance on matters relating to the following services:
- Academic
- Job Preparation
- Legal
- Proof Readers List
- Visa
- Welfare and Wellbeing

For more details go to: uqu.com.au/supporting-u

Student Charter 3.60.01

The Student Charter sets out the University’s commitment to students’ education and experience at UQ; the expectations / responsibilities of all members with respect to conduct; and to provide guidelines to foster a healthy, diverse, creative and high achieving environment within which to study, research and work.

For more details go to: ppl.app.uq.edu.au/content/student-charter-policy

UQ ALLY Program

The UQ Ally Network is an award-winning program that provides a visible network of well-informed staff who create a safe, welcoming and inclusive space for sex, gender and sexuality diverse people at UQ and in the broader community.
